CALIBRATION PHASE

Based on biometrics, member is triaged to Disease Risk Management (DRM) team for further intervention.

Based on your biometric results, should you rank in a lower score category, you'll be seamlessly directed to our dedicated Disease Risk Management (DRM) team for further assessment.

This proactive approach helps identify potential health risks early, guiding you to take the necessary steps to improve your well-being. Members may be encouraged to complete a full physical health assessment to ensure personalised, preventative care and optimal health management.

Stay ahead of the game with comprehensive support designed to enhance your longevity and wellness!
